In connection with the Offering of the Additional Notes, Citigroup Global Markets Ltd. or one or more of its affiliates or persons acting on its behalf (as the Stabilization Manager) may overallocate the Additional Notes or effect transactions with a view to supporting the market price of the Additional Notes at the level higher than that which might otherwise prevail. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the Offering of the Additional Notes is made and, if begun, may be ended at any time, but it must end no later than the 30 days after the Additional Notes issue date, or no later than 60 days after the date of the allotment of the Additional Notes, whichever is earlier.

The proceeds of the issue of the Additional Notes will be used: (i) to prepay an approximate equivalent of €52,600,000 (RON 250,000,000) under the Facility A1 and A2 2016 Senior Facilities Agreement, (ii) to repay €25,000,000 under Facility B of the 2016 Senior Facilities Agreement, (iii) to prepay €100,000,000 under the 2018 Senior Facilities Agreement, (iv) to pay costs, expenses and fees in relation to the Offering (including the initial purchaser's fees, legal and accounting fees and other transaction costs); and (v) for general corporate purposes.
