

Digi Communications NV announces PDMR Transactions - Grant of Conditional Stock Options to Executive Directors

31 August 2026

The Company hereby informs the market about transactions falling within the scope of Article 19 of Regulation (EU) No. 596/2014 on market abuse.

The transactions relate to the grant of the adjusted number of class B stock options for the years 2025 and 2026 in accordance with the Resolution of the General Meeting of Shareholders dated 29 June 2026 (the **2026 GSM**), in the context of the increase of the Company's issued share capital through the issuance of new free shares to the Company's existing shareholders on account of the freely distributable reserves of the Company on 8 April 2026 (the "**Share Capital Increase**").

The number of stock options for the years 2025-2026 granted to executive directors of the Company pursuant to the Resolution of the General Meeting of Shareholders dated 25 June 2024 (the **2024 GSM**) have been adjusted proportionally in order to reflect the effect of the Share Capital Increase, for each initially granted option, 2 additional options have been granted.

The vesting and subsequent exercise of the stock options granted are subject to the fulfilment of certain performance criteria and the expiry of a minimum period of one year from the grant date.

Further details regarding the 2025 and 2026 stock option program are available [HERE](#).

The transactions have been notified to the Company in accordance with the applicable capital markets legislation. Details of the transactions are set out in the annex to this report.

About Digi Communications NV

We are a European leader in geographically-focused telecommunication solutions, based on the number of revenue generating units ("RGUs") and a leading provider of telecommunication services in Romania and Spain, with a presence also in Italy, Portugal, the United Kingdom and Belgium.
